KAPASA MAKASA UNIVERSITY

SCHOOL OF APPLIED SCIENCES

DEPARTMENT OF INFORMATION AND COMMUNICATION TECHNOLOGY

PO BOX 480195, CHINSALI - ZAMBIA

FINAL YEAR PROJECT REPORT FORMAT

1. **Title Page**
   - **Content** : Title clearly reflects the contents of the document.
   - **Clarity:** Avoids redundancies and abbreviations.
   - **Length**: Title is within 20 words.
   - **Formating** : University logo at the top, author's name, and affiliation centered.
   - **Author's name and affiliation**
     - Preferred order of names – start with 1st name, middle name followed last name (surname)
     - Full names should be used; initials should be avoided.
     - Titles like Dr. should not appear in the names.
   - Affiliation should be well illustrated i.e. 'A research project submitted in the Department of Information and Communication Technology, School of Applied Sciences in partial fulfillment of the requirements for the award of the degree in ……. at Kapasa Makasa University
   - Submission Date: The year should follow at the bottom of the caption.
   - Page number does not appear on the title page.
   - Declaration: Should include both the candidate's and the supervisor's declaration on duly signed.

e.g This project is my original work and has not been presented for a degree in any other University.

…….. ……..

Signature **Date**

2.

…… ……

Signature **Date**

Dedication (optional)

Table of contents: The rubric should be in title case and single spaced. This begins on a new page. It should assist the reader to know quickly and clearly, how the project is organized. There must be consistency in the use of heading and subheadings.

The chapter titles should be in **caps** and **bold**

The subheadings should follow each chapter title and should be in title case. Sub headings of rows should be – Chapters and pages indicated once at the top of each column e.g

▪ PAGE

Declaration …….ii

Dedication …….iii

CHAPTER 1 ……..1

1.0 Introduction ……..1
1.1 background ……..1
1.2 Statement of the problem ……...2

Table of contents should be followed by:

- List of figures or list of tables – should be labelled as per the chapter in which they are found e.g. the first figure in chapter 1 should be labelled as Figure 1.1

List of Tables (if any)

List of Figures (if any)

List of Appendices

Abbreviation and Acronyms (if any)

Definition of terms (if any)

2. **ABSTRACT**
    - **Content:** Brief statement on the problem, general objectives, methodology, and expected significance.
    - **Length:** Between 150- 200 words (one to one -and – a half pages).
    - **Clarity:** Clear, concise, and relevant to the research.

3. **CHAPTER ONE: INTRODUCTION**

- **Background of the Study**: Clear understanding of the problem's genesis, global and local perspectives
- **Statement of the Problem:** Explicitly defines the problem and how it affects the context
- Justification: Clearly explains the need for the study and who will benefit.
- **Aim of the Study**

Objectives

- **General objective of the study.**
- S**pecific Objectives** (should not be more than 3 of them and should be **SMART** and directly linked to the general objectives.
- **Research Questions:** In line with the specific objectives, clear, and numbered.
- **Scope of the Study:** clear boundaries of the study/project.

- **Relevance:** Scope aligns with the objectives.
- **Limitations of the Study**
- **Definition of Key Terms (Optional)**
- **Chapter Summary**

4. CHAPTER TWO: LITERATURE REVIEW

- Review of Existing Systems/Technologies
- Research Gap
- Conceptual Framework (Where Applicable)
- Chapter Summary

5. CHAPTER THREE: METHODOLOGY

- **Baseline Study**: Includes study design, instruments, data collection, and analysis.
- **Research Design**
- **Study Area**
- **Research Instruments**
- **System Development Methodology**
- **Ethical Considerations**
- **Chapter Summary**

6. CHAPTER FOUR: FINDINGS AND DISCUSSION

- Findings Based on Research Objectives
- System Development Findings.
- Existing System Findings
- User Requirements Findings
- Proposed System Features
- System Testing and Evaluation Results

Discussion of Findings

- Discussion Based on research objectives
- Comparison with Previous Studies
- Chapter Summary

7. CHAPTER FIVE: CONCLUSION AND RECOMMENDATIONS

- Summary of Findings
- Conclusion
- Contributions of the Study
- Limitations of the Study

Recommendations

- Recommendations for System Improvement
- Recommendations for Future Research

REFERENCES

All references should follow IEEE referencing style.

APPENDICES (if applicable)

Appendix I: Questionnaire/Interview Guide

Appendix II: Consent Form

Appendix III: System Screenshots

Appendix IV: Test Cases and Results

Appendix V: Source Code Snippets

Appendix VI: Work Plan/Gantt Chart

Appendix VII: Budget
